

Happy Sukkot

FROM YOUR FRIENDS AT

About Sukkot

Sukkot is a fun Jewish Holiday celebrating the harvest. We remember how our ancestors traveled through the desert and gathered food from their fields. Today, we decorate our Sukkah with pumpkins, gourds, and other fruits and veggies.

The Sukkah

Families build a Sukkah, a small hut, to remember when the Israelites lived in the desert. People eat and spend time in the Sukkah to celebrate and be thankful for what they have.

Lulav & Etrog

The *Lulav* is a tall bundle of plants (myrtle, willow, palm) and the *Etrog* is a lemon-like fruit. We shake the Lulav and Etrog in a special way to send out a blessing to all of creation.
